"Good goods in small packages,"  
What? Why, those Brownies  
at the Louisa Bakery.

**CURED BY PE-RU-NA.**

The Peru Medicines Company, Inc.,  
Genia Medicine Co., Columbus, Ohio.  
St. Louis, Mo. "Toward the latter part  
of August I found myself in a very  
much run-down condition. I suffered  
particularly from catarrh of the stomach,  
aggravated on the one hand by the  
responsibility of my position as  
vice president of the American  
Association of Petroleum Producers,  
and on the other by the exploitation  
of a great international exposition.  
What I ate distressed me and I  
would lie awake at night "threshing  
my ideas over the matter. I was  
over, if I may use that expression, the  
affairs of the exposition."  
"A famous physician said I had  
lost my nerve. I was told to take  
sea voyage. I gradually grew worse.  
One day I read in the paper that  
the American Association of Petroleum  
Producers had recommended Peru.  
I had known of Peru. I thought  
Peru was a good thing. I bought  
bottle. After using one bottle I  
felt much improved and with the  
fifth bottle came complete recovery.  
I am in perfect health to-day and  
every thing to me is as of old."

Very truly yours,  
J. H. H. H.

Congressman Vincent Boreing, of the Eleventh Kentucky district, is seriously ill with pneumonia, at his home in London.

Former Gov. W. O. Bradley has decided to speak at Munfordville Saturday, when the Republican State campaign will be opened.

Judge D. B. Redwine in an interview said that he had never been a candidate for a re-nomination in the Twenty-third judicial district. He said that he believed the party would unite upon and elect either Robert Riddell or D. D. Sublett, both of whom now desire the nomination.

It is estimated that between 30,000 and 50,000 persons have been massacred by Turks in Monistir since the insurrection began, and 150,000 persons are hiding in the mountains. All foreign correspondents will be expelled, on the ground that they are circulating false reports.

A rule against Jasper King, the juror who saved Jett and White from hanging, was issued by Judge Osborne, charging him with contempt of court, and an effort will be made to punish him. This said further that charges of perjury in connection with the Jett-White case may also be preferred against him.

President Roosevelt recently said the following to Gov. Durbin of Indiana. Read it and keep in mind Durbin's protection of Kentucky refugees indicted for murder:

"The slightest lack of vigor in denouncing the crime or bringing the criminal to justice is in itself unpardonable. Every effort should be made under the law to expedite the proceedings of justice."

"It is certainly ought to be possible by the proper administration of the laws to secure swift vengeance upon the criminal, and the best and immediate efforts of all legislators, judges and citizens should be addressed to securing such reforms in our legal procedure as to leave no vestige of excuse for those misguided men who undertake to reap vengeance through violent methods." And again Mr. Roosevelt said that "the law must work swiftly and surely and all the agents of the law should realize the wrong they do when they permit justice to be delayed or thwarted for technical or insufficient reasons." Again Mr. Roosevelt said: "We must show that the law is adequate to deal with crime by freeing it from every vestige of technicality and delay."

Hon. Rolla K. Hart, of Fleming county, once Democratic nominee for Congress from this district, is a candidate for Railroad Commissioner, and will doubtless receive the instructions of Lawrence county next Monday.

The case of Curtis Jett, charged with the murder of James Cockrill, former Town Marshal of Jackson, was called at Cynthiana, and the trial was postponed until Monday on account of the absence of counsel for Jett. A motion by the defense for a continuance was overruled by Judge Osborne. The prosecution claims to have three witnesses who saw Jett fire the fatal shot. The defense claims it will prove by S. King Ford, formerly of Pikeville, that Jett was with him at another place at the time the shot was fired.

The observance of Labor Day throughout the United States last Monday will give some idea of what has been accomplished by wise and conservative union labor leaders in this nation within the last few years. We hope Gov. Beckham's speech delivered in Winchester on the 5th inst. will be read by all voters of the State. As the campaign seems to be getting good and hot in places we believe the above mentioned speech would be interesting to many. Citizen.

## What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. ## ULYSSES.

After a brief illness, little Maggie, daughter of Samuel Murray and wife, of Lowmansville, died Aug. 28th. Maggie certainly was too sweet a child to remain long on this storm-beaten earth. He that always knows best took the tender, transient flower and transplanted it to that glorious where where the dews of death will never more dampen the fair brow of little Maggie. So cheer up, dear parents, your loss is her eternal gain. We extend our sympathies.

On Aug. 30th the funeral of Aunt Katie Brown, a centenarian, was preached at the residence of her son John J. Brown on the same spot of ground where she and her husband John Brown, Sr., settled in the early part of the 19th century. She was one of the pioneers of Johnson county. The greater part of the county at that time was a vast wilderness, an unbroken forest, where bears, wolves, deer and turkeys roamed, and around their dwelling the shriek of the panther was as common as the hoot of the owl at the present day. There was assembled the largest concourse of people your scribe ever saw at a funeral, the estimate being 1,000 persons. Her relatives and descendants number far into the hundreds. At the time of her death she was a hundred and four or five years old.

A sad accident happened last Saturday. While hauling cross tie timber for J. A. Beasley a mule kicked Jeff Davis in the face, badly mashing the nose and bruising the face. As a result he cannot work now but we hope he will soon be well again.

### OUR NEIGHBORS.

It is reported that Mrs. J. C. Talbert died of typhoid fever at Paintsville last Saturday.

Prestonsburg, Ky., Sept. 7.—N. B. Hays, the Democratic nominee for Attorney General, opened the Democratic campaign here today in a rousing speech to over one thousand enthusiastic Democrats. He is one of the mountain nominees on the State ticket.

Labor Day was celebrated at Ashland in great style. A big parade, speeches and music were the principal features of the program. The Ky. State Band, the Louisa Cornet Band and Abol's orchestra furnished the music. The speakers were S. S. Savage, L. F. Zerfoss, Chas. Dobbs, Congressman Kehoe, J. B. Wilhoit, Joe Rutledge and John Nugent. Races also helped to entertain the crowd.

The Democratic judicial convention convened at Prestonsburg Monday and elected Walter Harkins of Floyd, chairman and Geo. Pinson, of Pike, secretary and adjourned to meet Tuesday. John P. Wells, of Johnson county, was nominated for Judge and John Auxler, of Pike, for Commonwealth's Attorney. The latter is County Attorney of Pike and a son of Judge Auxler. It is a good ticket and will doubtless be elected.

A fireman on an O. & K. train near Frozen, in Breathitt county, fell from the engine and was killed instantly by his head striking a rock. He was leaning over the side getting a cup of water from a valve when he lost his balance. The body was shipped to his home in Tennessee. This is the first fatal accident that has occurred on this road, which has now been in operation over two years.

Tuesday morning at 4 o'clock, Col. Mordecai Williams was awakened by a noise at his home in Normal, and saw a man standing near his door, rifling his trousers' pockets with his left hand while a pistol held in the intruder's right hand was pointed at Col. Williams' head. Col. Williams sprang out of bed, seized a sword that was hanging on the wall near the door, and made a dash for the burglar. The man was pursued and slashed at several times. As the fellow ran down the steps the Colonel made a swipe at him with the sword, but he "ducked" and the blow fell on the stair railing, cutting out a large chip. The fellow tried to get out the open window at the bottom of the steps, but was too hotly pursued, so he turned and fired at Col. Williams, but missed and ran into the parlor. Col. Williams followed and the man turned and fired again, the bullet striking a rib under Col. Williams' heart, the ball glancing around and coming out the back. Col. Williams fell, and the man escaped through a window. Mrs. Williams, who had been close behind her husband in pursuit, immediately summoned help, and physicians were soon on the scene, who pronounced the wound severe but not dangerous. The Catlettsburg blood hounds were soon put on the trail of the burglar, but after trailing him up the river for a short distance the scent was lost.—Crisis.

The work of laying the rails on the Big Sandy, East Lynn & Guyan railroad, an eight mile feeder to the Norfolk & Western which extends from Wayne to East Lynn, over in Wayne county, is now in progress. It is said trains will likely be running over the line inside of thirty days. The East Lynn section is one of the wealthiest portions of Wayne county, especially in mineral deposits.

J. M. Lyon and Bascom Lemasters have gone into the mercantile business near J. B. Wheeler's.

The whiskey question is about all the talk here now. Spencer Swiney isn't satisfied and now wants to trouble the people in Little Gap precinct in Johnson county. We are in hopes of the precinct remaining "dry."

J. M. Lyon moved his blacksmith shop Monday.

W. H. Stone is about well again. M. A. Davis says he wants another blacksmith at once. It is a good place for a shop and one is needed badly.

## Resolutions of Respect.

Brethren, again and again the outer door is alarmed and a brother goes to the silent chamber, from whose borne none returns.

Some are the prey of long and wearisome disease and others are worn out by weight of years, so that the going is but the happy release from the burdens of life.

Again the alarm has sounded. In this instance it has called one, our brother, George F. Johnson.

Bro. Johnson was a Free and Accepted Mason. His last journey is completed. He has finished his work and gained his eternal home. He leaves with us the memory of his many sterling qualities, and his true manhood will ever command our tenderest regard and highest admiration. Yet we shall miss the kindly word, the cheerful greeting, and the hand that was ever ready to assist the needy and destitute.

To his bereaved wife and family we offer the sincere sympathy which springs because of brotherly affection from the hearts of the members of Apperson Lodge No. 195, F. & A. M.

We recommend that the above become a portion of the records of this lodge, that copies be sent to the bereaved widow and family, and that they be published in the BIG SANDY NEWS; and that the lodge room and furniture be draped with the emblems of mourning for thirty days.

## COUNTY FAIR

Will Be Held This Year On Oct. 1st, 2nd and 3rd.

The first three days in October have been selected as the days for the Lawrence County Fair to be held this year. Heretofore it has extended over two days only, but it is intended to make it larger and more interesting this year than ever before, and in order to do so it is necessary to consume more time and classify the exhibits and program somewhat more thoroughly. The first day will be devoted to the exhibits to be made by the women.

The second day will be given up to farm products.

On the third day live stock and races will claim exclusive attention.

The list of premiums and the program will be published later. There will be plenty of brass band music, parades, races, etc. We hope the farmers and their wives have a great display ready for exhibit. This fair is of great importance and interest each year. Help to keep it moving. It is a good thing for the county in general.

## "Mules" Elect Officers.

At the annual meeting of the "Mules," last week, West Liberty, Morgan county was selected as the place at which the next Grand Lodge will be held. The following were elected officers of the Grand Lodge for the ensuing year:

John C. Hicks, Grand Council General, Webbville; Z. T. Young, Grand Lieut. Council General, Morehead; Geo. B. Belcher, Grand Secretary, Ratcliff, Lawrence Co.; J. L. Bowling, Grand Treasurer, Lockwood; L. J. Harris, Inside Sentinel, McNeal; D. W. Riffe, Outside Sentinel, Louisa; Rev. I. F. C. Goff, Grand Chaplain, Rett, Morgan county; J. F. Skaggs, Grand Lecturer, Elk Fork, Morgan county.

Luther M. Walter has resigned his position as a member of the Board of Pension Appeals to accept the more desirable one of Law Clerk in the Interstate Commerce Commission. The change was made on the request of the Chairman of the Commission, approved by the President. The new position is much more desirable giving him a class of work that will be of great value in the future. The place is also permanent, being covered by the Civil Service law.

There is not now a street in Louisa along which a lady may not pass without danger or fear. It is easy to recall the very different condition that existed during the three years in which we had saloons. One of our principal business streets was rendered impassable for a decent woman. Those who have mothers, sisters, wives or daughters certainly should vote against a return of these conditions on the 22nd.

Wm. F. Davenport, age 47, died at Ashland last Saturday, after an illness of two or three weeks. He was foreman in the Independent office for several years and was one of the most skillful and artistic printers to be found. Having been one of his employers for nearly 30 years, while connected with the Independent, we were deeply pained by the news of his death. He was a son of Steven Davenport and was born at Louisa. A wife and five children survive him.

At the annual election of officers in Louisa Chapter No. 35, R. A. M., the following were chosen: A. J. Garrett, H. P. A. J. Conley, King; Alexander Luck, Secretary; Jas. H. O'Brien, C. H. H. B. Hewlett, P. S. J.; Geo. R. Vinson, R. A. C.; John N. Peters, M. 3rd V.; Geo. R. Burgess, M. 2nd V.; John A. Waldeck, M. 1st V.; John W. Jones, Sec'y; Jay H. Northrup, Treas.; Rev. R. F. Rice, chaplain.

John M. Moore has resigned the position of manager of the Eloise store and will take a course in medicine. He has entered the Ohio Medical College at Cincinnati. John is an industrious and ambitious young man. The Eloise position has been accepted by Chas. Vaughan, a young man of experience and ability.

We regret very much to learn that Miss Lillie Olds, of Muscatine, Iowa, who visited here several weeks this summer, is now quite ill of typhoid fever at her home. She stopped at Peoria, Ill., for a short stay on her way home. She was taken on home.

John Carlisle, the capitalist, who built the old Chattahoochee railroad from Ashland to Richardson, died at his home in Cincinnati a few days ago. Big Sandians will long remember the name of this enterprising man.

There are still several cases of typhoid fever on Hick creek. Mrs. Elwood Hutchinson, who is still at the home of her father, W. D. O'Neal, at Busseyville, is very low with typhoid.

Mrs. Chas. Rice has accepted the position as teacher in the school at Charleston, W. Va.

Rev. F. F. Shannon will fill the pulpit of the M. E. Church South next Sunday morning and evening. Every one is invited to hear him.

## Institute in Session.

The Lawrence County Teachers Institute convened last Monday in the Baptist church, and was organized with Supt. R. W. Holbrook President; G. B. Carter, Secretary; G. M. Copley, Chaplain; Mrs. Della Holbrook, organist, and Prof. G. M. Elam, instructor. 101 teachers were enrolled, some visitors from other counties.

Up to this writing the subjects of School Management, Arithmetic, Composition, Reading, Grammar and Physiology have been discussed at length by the various teachers.

Rev. Dr. Boland delivered a memorable address on the subject of reading, touching on the inspiration derived from the subject.

Dr. G. W. Wroten gave an excellent talk on the subject of Physiology.

The Institute unanimously adopted by rising vote a resolution asking citizens of Louisa to vote against legalizing the whisky traffic in Louisa on the 22nd inst. The resolution is found in another column.

A committee on resolutions, consisting of H. S. Dean, Prof. Bolster and G. M. Copley, has been appointed.

The interest is good and the attendance excellent. Prof. Elam, the instructor, is putting much life into the proceedings and making a success of the work. This is the fifth teachers' institute that he has conducted. He has been called into many sections of Kentucky to fill this important post, and also into Tennessee. The fact that he goes repeatedly to the same counties is positive testimony that his work is counted successful and satisfactory wherever he goes.

Prof. Elam was recently offered the principalship of the Paintsville public schools, but declined the desirable offer because he prefers to remain in his home county and continue in the work which he has built up to successful proportions.

The following is from the New Albany, (Ind.) Daily Ledger:

"The Official Board of Jennie DePauw Memorial M. E. church

has unanimously asked for the return to the pastorate of that church of the Rev. D. P. Holt, who has served the church so acceptably and successfully the past year. Mr. Holt is an able man in the pulpit and a most effective pastor, and Jennie DePauw Memorial church has had a year of great prosperity under him. He has made friends of all he has become acquainted with, and his sermons are noted for force and directness as a preacher of the old doctrines of Methodism and gospel religion."

"At his last service for the present Conference year, at Jennie DePauw Memorial M. E. church, Sunday, the Rev. D. P. Holt had a notable day. A large audience was present. He christened one child, there were seven seekers at the altar, five conversions and nine rose to ask for the prayers of the church. Mr. Holt is a preacher of great ability and zeal, and has done a splendid year's work at Jennie DePauw church."

## Smallpox in Catlettsburg.

Elisha Wellman died of smallpox at Catlettsburg Monday. He was formerly from Cassville, W. Va., and was about forty years of age. A few years ago he married the widow of Wm. Burchett, Jr., of this county, and moved to Catlettsburg, where for a time they conducted the Central Hotel.

Ed Hensley, another Big Sandian, who recently sold his restaurant business at Whitehouse and bought a grocery store in Catlettsburg, is in the pest house and has a very bad case of smallpox. It is not known how he contracted the disease. He left the store and went home thinking he had fever. Wellman was a guard at the pest house when he contracted the disease. He had not been vaccinated since a small boy.

Rev. F. F. Shannon and wife, of York, Pa., arrived Tuesday evening for a week's visit to home folks. They returned from a tour of Europe only a few weeks ago. Mr. Shannon had the misfortune to lose his pocketbook on the way down here. It is thought to have been taken from his hip pocket near Piedmont, W. Va., by a thief. Detectives were put to work on the case, but nothing has yet been heard from it. The book contained \$255 in currency, a note for \$300 and railroad orders, making the loss quite heavy.

## Al. Carter Elected Chairman.

The Democratic County Executive Committee met last Saturday and took final action upon the resignation of Chairman Robt. Dixon, who has been desirous of giving up the place for a year or more on account of business requirements that demand all his attention. The resignation was accepted and Al. O. Carter was elected to succeed Mr. Dixon.

Victor Caperton, who was shot through the liver and intestines by John Combs at Catlettsburg a few weeks ago, came home last Thursday and is able to go about the streets.

Rev. F. F. Shannon will fill the pulpit of the M. E. Church South next Sunday morning and evening. Every one is invited to hear him.

The sale of Louisa lots, by the Big Sandy Improvement Company, will take place today (Friday), beginning at 10 o'clock a. m. Forty-four centrally located lots are to be offered at auction. The addition has been very appropriately named "Central Addition."

The lots and streets through the addition have been put in fine condition. Teams and scrapers and road machines have worked wonders in the appearance to the place. Col. J. C. Morrow, the noted auctioneer, will conduct the sale. It is worth the while of everybody to hear him. Brass band music will add to the pleasure of the occasion.

As before stated, the lots will be sold on easy terms, only one-third cash being required. Sale will be confined to white bidders. This is your chance to make a good investment in coming town.

## Injured by Derrick.

Chas. Stump and Wm. Yontz were severely injured at Richard-son Wednesday afternoon by a falling derrick pole. They were in the employ of contractor Olmstead. A guy rope broke and let the derrick pole fall.

Stump has a badly broken and crushed leg. The injury is between the knee and ankle and consists of a compound fracture of both bones. Yontz has no broken bones, but is suffering from severe strain and contusion.

Both men were taken to the hospital at Ashland yesterday by Dr. Sparks, the attending physician. Neither of the men lives in this section.

Rev. John Chespe, of Louisa, and formerly of this place, delivered some interesting lectures at the M. E. Church, this city, the first of the week.—Paintsville Herald.

Every Louisa voter who is opposed to legalizing the sale of liquor in our town should make a special effort to be here and vote against it on the 22nd.

A vote for liquor is likely to get the "come home to you" in a drunkard's son-in-law or other near relative or friend. There can be no regret for a vote against liquor.

"Good goods in small packages" is the motto of the Louisa Bakery.

## Resolutions on Liquor Matters.

**BIG SANDY NEWS.** following from the Paintsville Herald is an appeal to the Lawrence county officials: A whisky seller named Sweeney has for some time caused the people residing in the Little Gap, Flat Gap and Red Bush sections of Johnson county great annoyance. Sweeney is in the whisky business at a place called Tar Kiln, between Slip and Blaine, just across the county line in Lawrence county. He has been engaged in the nefarious business for some time and is being liberally patronized by the drink-fraternity of our county, who visit his place quite frequently, and, of course, return home "nappy." Conducting his hell hole in Lawrence county, it is impossible for the officers of Johnson county to take any steps against him, and the people look to the county officials of Lawrence to do their full duty and put Sweeney out of business. Just why Sweeney has been permitted to run his shop so long is a mystery. Surely the officials have heard of him and his business. If they have not the Herald proposes to keep them posted on Sweeney and now serves notice that Sweeney must be forced to stop selling whisky or they will receive considerable attention. The Johnson county people demand his removal and we propose to see if we can get the Lawrence officials to do their duty.

"Judge Rice authorizes us to say that he will do all in his power to assist the Lawrence officials to put a quietus on Sweeney. The Judge says that in his investigations of violation of the law he had a number and number of witnesses before him who stated on oath that they had purchased whisky of Sweeney, but the sale took place in Lawrence county, he took no further steps in the matter. He says he can in a very short time get evidence against Sweeney to keep him in jail a couple of years and that he is willing to procure affidavits and send them to the Lawrence county officials and will see to it that all papers are promptly executed.

"With this statement from Judge Rice it is surely up to the officials of Lawrence county to do their duty and remove Sweeney's booze shop or resign and let the people elect officials who are willing to do their duty. BIG SANDY NEWS PLEASE COPY."

**OUR NEIGHBORS.** O-car Faggett, the well-known traveling salesman, with Biggs, Watts & Co., of Huntington, died at Salyersville last week. Mr. Faggett was taken ill at Salyersville some weeks ago with typhoid fever, and grew steadily worse until the end at noon today. The remains were taken to the deceased's old home at Morehead.

A terrible accident happened at Wm. Horton's store at Horton's mill, Carter county, last week. A lamp fell in the vicinity of a keg of powder, which exploded, doing about \$1,500 damage to the building and stock, and throw three men out of the store house into the bushes near the creek 40 feet away, but fortunately none of them were hurt.

Lee Cantrell, of Greenup county, was arrested by U. S. Marshal T. S. Salyer and taken to Catlettsburg and lodged in the county jail. Cantrell is charged with robbing the postoffices and general stores at Advance and Stonington, Greenup county. The officers claim they have a strong case against the prisoner, and that they are sure they will convict him. But very little was secured at the Advance office, but about \$75 in money and postage stamps was taken from the Stonington postoffice.

The following refers to a Lawrence county boy and we are sorry to learn of his misfortune: Tuesday afternoon John Kinner, the livemaster, met with a very painful and serious accident. He took a buggy up in East Greenup for a patron and took along a horse to ride back. While coming back a dog scared the horse and it ran down at a rapid rate, having only a halter on. Just before reaching the stable door John jumped from the horse to avoid striking the side or top of the barn as the horse ran in. In some manner the horse stepped on his right leg as he fell and broke it in two places between the knee and ankle. The piece of the bone is also silvered and the break is a very dangerous one. His shoulder was also thrown out of place and his back severely wrenched. John was removed at once to the home of his brother, Elwood Kinner. He is getting along fairly well, but it will be some time before he will be out—Greenup Democrat.

The annual session of the Western Virginia Conference, of the M. E. Church, South, of which this district is a part, will be held this year at Parkersburg beginning Wednesday, September 23rd. The following article from the Western Virginia Methodist Advocate, shows that radical changes may be made in the various districts at the coming Conference session. The Catlettsburg district may absorb the Prestonburg district, and all the Kentucky territory of this Conference be consolidated into one district. The article reads:

"There has been some effort to improve our condition, and there is still room for improvement. In order to keep pace with the times we need some changes in our plans. 'First of all, we need a change of the plan of our districts. The Parkersburg district is too small, so is the Catlettsburg district, and the Prestonburg district should be absorbed, and put all of the Kentucky work into one district, and all of the Prestonburg district which should be called the Huntington district, instead of Charleston."

"This plan will give the Catlettsburg district 24 appointments; Huntington district, 24; Parkersburg 22; Clarksburg, 22; Fayette, 19. 'Perhaps, all things considered, this would be as good a plan to equalize the work as we could adopt. I would not consider it needful to make any argument in reference to this plan by looking at a map of the country, the means of travel and the importance of bringing our weaker churches in touch with the stronger ones, which will be an inspiration to both and last but not least, use the money which is now being appropriated to support the P. E. on the Prestonburg district, to the support of some weak mission."

**Women as Well as Men Are Made Miserable by Kidney Trouble.** Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonials letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Running Amuck.** Jolo Jolo, Philippine Islands. I thought some time ago that we were going to have some trouble with the natives on this island, but everything is peaceable now.

There is a custom among the people on this island which was new to us. It seems to be a part of the old Mohammedan religion. They call it "Running Amuck." When one of them gets into trouble and wants to die he adopts the plan of running amuck. He dresses himself up and arms himself with his bolo, which is a big knife, shaves off his eyebrows and starts out to kill as many christians or white people as he can before he gets killed. In this condition they are considered crazy. They will run right into any kind of a crowd of armed soldiers and cut and slash with their bolos till they get killed themselves.

A short time ago one of these fellows came along where a few engineers were at work about two miles out of town. The engineers thought nothing of his coming, as natives were passing all the time, but this one suddenly drew his bolo and attacked one of the engineers who was lying down and cut him so badly that he died in a few minutes.

A short time after this three of them were running amuck and came to a native market place and began cutting right and left with their bolos. Some of our soldiers were on guard near there and began firing on them. A squad of our troops was mounted for pistol target practice and we heard the firing. We galloped out there and found the men on guard had killed one and we made short work of the other two with our pistols. One threw his bolo and cut one of our horses a little.

Whenever they commence that "run amuck" they have no fear of getting killed. They just run right at us with their bolos, although we are mounted on horseback and armed with pistols.

I don't know whether you can find the word "Amuck" in Webster's Dictionary, but it is well understood here.

**A WORD TO FARM TOILERS.** PAIN'S CELERY COMPOUND The Home Friend of the Farmer and His Family.

After the labors and toils of the summer time, and harvesting of crops in the early autumn, many of our farmers, their wives, daughters, and sons, find themselves in a condition of health demanding careful attention if suffering is to be avoided later on. Many experience kidney trouble in some form; with some the liver is torpid; there is biliousness, nausea, and vomiting, with loss of appetite and depression of spirits. Thousands who have been exposed to cold, damp winds and rains while tilling in the harvest fields, now feel the twinges of terrible rheumatism; others run down by worry, overwork, and irregular dieting, are tormented with the pangs of dyspepsia.

To the thousands of run down, sickly, and half-died men and women in farm homes we recommend with all honesty and confidence the worker's friend, Paine's Celery Compound, the only medicine that can quickly and fully restore strength to the weak body and vigor to the muscles. Paine's Celery Compound tones the stomach; it removes poisonous acids from the blood which cause rheumatism; it feeds the weak and diseased nerves and banishes neuralgic tortures; it purifies the blood and gives new vitality and life. The use of Paine's Celery Compound in autumn means the establishing of a perfect physical vigor to withstand the rigors of a severe winter.
